

or on any particular occasion?

A I hardly ever go up there that I don't buy cigars. I usually buy them in boxes, 25 at a time and I buy tobacco in pound tins. When that's gone I get another one, and fishing tackle, if I happened to be up there and happened to think I wanted a few extra hooks or leads or line, I would get it; but I don't remember buying anything that day. The chances are that I bought something and he remembers seeing me that day; this must have been around noon or one o'clock, somewhere around there. After that I drove to Osbornville, which is about 8 miles away.

BY MR. PFEIFFER:

Q Did you go on the Lakewood Road?

A Yes, that is my recollection of it, that I went that way, went over as far as Burrsville or Laurelton, is the name now, and then went around to Osbornville and I went over to take clothes or to get clothes. we take out clothes over there and then if there are any clothes done I take them home. I am almost sure that I took some clothes over and most likely got some clean ones. We do that so often I cannot just remember whether I took them or got them.

Q You do that weekly?
